## **Discovery Charter Preparatory Discipline Policy**

Discovery Charter Preparatory School is committed to providing safe classrooms and a healthy school environment. Every student has the right to learn in an environment that supports his or her well-being. Every educator has the right to teach in a setting that is free from disruption and obstacles that impede learning. Every employee has the right to work in a safe and respectful atmosphere. The Discipline Foundation Policy establishes a consistent plan for developing, refining, and implementing a culture of discipline built on positive behavior.

(Bulletin BUL-6231.0, Discipline Foundation Policy: School Wide Positive Behavior Intervention and Support.) This document introduced changes to the policy and provided a framework for incorporating those changes.

Traditional models of school discipline tend to be reactive, resulting in punitive consequences. Discovery Charter Preparatory current policy represents a proactive approach to discipline, one that promotes appropriate student behavior, increased learning opportunities, and Restorative Justice Practices.
